Clarification on InPayTech and Consortio Master Services Agreement

Today Integrated Payment Technologies Limited (InPayTech) (ASX: IP1) announced the entry into a Master Services Agreement (MSA) with Consortio Pty Ltd (Consortio).

InPayTech wishes to provide further information in relation to the MSA.

This contract represents the first commercial contract for InPayTech's Wrkr READY onboarding solution. As has been indicated in prior quarterly announcements, Wrkr READY is the key step in delivering higher value compliance moments than our traditional Wrkr PAY transactions. The Wrkr READY solution is a Software as a Service (SaaS) solution and represents over twelve new compliance moments.

The MSA has an initial term of 2 years that automatically renews for successive periods of 2 years unless Consortio notifies InPayTech of its intention not to renew or the agreement is otherwise terminated in accordance with the terms of the agreement.

Please refer to the prior announcement (released this morning) for further details.
